See what parents have to say!

I would like to THANK YOU Alpadia for the unforgettable times my daughter had in Berlin. She was so excited to be a member of a multicultural, multi-language environment that it was so difficult for me to convince her to flight back home. The teachers and all the staff in the campus were very helpful, with broad knowledge of their aspects and always supportive to all kids participating.

She enjoyed the classes and she enjoyed his ability to translate for the juniors from English to German and vice versa and be supportive to the other team mates. Last but most serious of all, my daughter realizes her high level in German and reinstate her willing to come to Germany for her bachelor studies. All these come from the effort demonstrated from all your staff either administrative or teaching. I certainly recommend the program to any parent willing to sent his kid in a safe enjoyable and effective environment to learn a foreign language.

Our language courses

Develop your language skills.

We offer an effective and enjoyable approach to language learning. Our dynamic teachers focus on communication to create a relaxed, fun and stimulating atmosphere.

Enjoy language learning

Alpadia offers an effective and enjoyable approach to language learning, attaching particular importance to communication. We avoid photocopied material and focus on interactive and projected teaching resources. In addition, our materials include a Language Portfolio, which allows students to record their work and take control of their language learning. This is the perfect opportunity to develop your language skills and to have an unforgettable experience!

Our teachers

Our teaching team is made up of dynamic teachers who follow a communicative approach. They are chosen for their teaching abilities, enthusiasm and the personalised attention they know to give each student. They make every effort to create a relaxed, fun and stimulating atmosphere.

Adapted to your level

Prior to your stay, you will take an evaluation online test, after which you will be placed in a class corresponding to your level.

Our certificate

At the end of your stay, you receive an Alpadia language certificate attesting to your participation in classes, indicating the language and level studied and length of stay.

Course types

Classes take place from Monday to Friday. At each venue, you have the choice between a standard and an intensive course. Private lessons are available in combination with the Standard course only.

Standard course

20 lessons x 45 minutes per week

Every weekday, benefit from three hours of language classes in small groups with our engaging and dynamic teachers.

Intensive course

25 lessons x 45 minutes per week

On top of the standard course, benefit from five additional lessons per week, focused mainly on oral communication, ideal for getting the most out of your group classes and encouraging rapid progress.

Private course

5 lessons x 45 minutes per week

Take advantage of five additional private lessons per week to reach your personal objectives and achieve rapid progress. Private lessons can only be combined with the Standard course.

Project Language

This programme offers students the opportunity to work together to design, create and exhibit their own production – a presentation, poster, video etc. It allows each student to share and learn from each other, develop and showcase artistic, creative or leadership skills, manage time, challenge assumptions and become better communicators.

Excursions in action

This lesson programme ensures that students keep learning and improving their language skills outside the classroom, on excursions and during extracurricular activities! Teachers will carefully prepare classroom activities based on the places of interest that will be visited so students can learn more about the sights and improve their language skills at the same time. This way students get the most out of their experience in the native environment.

ALPADIA'S GOT TALENT SHOW

I stayed for 4 weeks during which time I met many really nice people. I was never alone and the staff were not like teachers but also became friends. It was great to visit Paris; I went to many museums, which I very much enjoyed. We always had the choice between 3 sportive or cultural activities, so that way everybody was satisfied.

The conviviality of a family environment, daily practice of the local language and the discovery of a new culture are some of the numerous advantages that homestay accommodation offers. You stay in a single or twin room and share the common rooms with the members of the family. You eat breakfast and the evening meal with the family and lunch in the cafeteria of the course centre. On request and depending on availability, our students may be accommodated with a friend.

Student supervision

Safety is our highest priority

We work hard to create the perfect environment for a language study stay. The supervision of our students is effective and discreet, adapted to the age group and the type of accommodation booked. In this way, each student gets the maximum possible benefit from their stay in complete safety. From the first day to the last, Alpadia team members are present and available to give the assistance requested by each student and to ensure their safety. At our residences, students are monitored 24 hours a day. Students can also benefit from more free time in accordance with their parental authorisation. Emergency numbers, available 24/7, are in service at each of the Alpadia course centres.

Internet & telephone access

Stay connected

The internet lets students stay in touch easily with their families. All Alpadia course centres provide free internet access. What's more, the course venues in the Alps are situated in regions benefitting from good mobile phone network coverage.

My favourite thing about my experience was my beautiful homestay family. I selected a homestay family because it helps to improve your language, and your knowledge of the local culture.

Additional services

Unaccompanied Minors (UM) service

For your child's flight, we can offer you an **Unaccompanied Minors (UM)** service, provided in collaboration with the airline. Your child will be met at the airport by an airline representative and assisted throughout the journey. This service is designed for young children travelling alone and is strongly recommended for travellers under 13 years of age (some airline companies even require it). Airlines will charge you the fees related to this service when you purchase your flight ticket; you will then need to register the UM service with Alpadia at the time of enrolment. This means your child will be collected by an Alpadia staff member on arrival, and assisted during the hand over to an airline representative on the day of departure. With this service, young travellers are sure to be assisted at all times, at the airport and throughout their flight.

Insurance

Health/accident

During your enrolment for one of our programmes, you will need to certify that you are in possession of compulsory health and accident insurance coverage, valid in the country that you wish to visit. Alpadia provides insurance for students, from £/€/CHF 15 per week.

Cancellation

In addition, we strongly recommend that you take out cancellation insurance with an external provider, in case, at the last minute, you should be unable to participate in the language study programme that you have booked.

Pocket money service

In the Alpadia residences, a pocket money service is available to the students. Functioning like a bank, the pocket money service is open every day, allowing students to deposit or withdraw money.

How to enrol

1 Select the dates of the language programme you wish to book

2 Insurance

Make sure to read carefully through the “insurance” clauses of our Terms and Conditions. Students who enrol for a language study programme with us must have health and accident insurance which is valid in Switzerland, France, Germany, USA, Malta and/or England. Health and travel insurance may be taken out during your enrolment with Alpadia. Cancellation insurance may be taken out with an external provider.

3 Enrol

Complete all the relevant sections on the [online form](#) of our website.

4 Payment

A payment of 10% of the total invoice or a minimum fee of € 250/\$ 250/ CHF 200/£ 200 (whichever is more) will be required upon booking. The remaining payment would be due 4 weeks before your start date unless you need to apply for a visa. In this case, the whole payment would be needed before your visa appointment at the embassy.

5 Booking confirmation

Your study advisor will first make sure the dates you have selected are available for your stay and will contact you in case anything should be amended. Then within 48 hours you will receive your booking confirmation and an invoice with the details of the language trip, programme chosen, any special requirements and method of transport selected for arrival and departure.

6 Apply for a visa (if required)

Should you require an official letter of invitation from Alpadia in order to apply for a visa, we will prepare such a letter for the Swiss, French, German or British embassy in your country upon receipt of payment. Please let us know whether you require such a letter.

7 Student Portal

Students will receive personal credentials to access their own session on the Alpadia student portal (scan the QR code to download). In this portal you will be able to find:

The online placement test, which needs to be taken latest 2 weeks before arrival at camp.

The pre-arrival information: All details about your course, accommodation and anything related to your arrival.

The parental consent form, which needs to be completed at least 2 weeks before arrival at camp.

Booking with your local agency

If our school has been recommended to you by an agency, please hand in your registration form to the agent, who will attend to all other formalities for you. The agency will forward your enrolment to us and answer any questions you may have.

The camp is incredible. The facilities are really good. The food they serve in the cafeteria is great. But the most important thing is that you have a ton of fun. You make friends from all over the world and you keep amazing memories.

Astrid from Spain 🇪🇸
attended Leysin summer camp

I am very happy because everyone is friendly and I have made lots of new friends (Russian, German, Swiss, Egyptian, Americans, Spaniards and Mexicans). I enjoy discovering new cultures. Every excursion is different and I prefer the amusement parks; Asterix and Disneyland. The best part of the camp is in the evening: barbecue, party, karaoké where I sang (even if I'm not a good singer). I miss my family but my friends here make me feel better. I feel at home.

Sayf from Saudi Arabia 🇸🇦
attended Paris summer camp

I enjoyed my time here especially the trips to beautiful places like London and Winchester. I'm happy because I practised my English and had a lot of fun with Alpadia.

We would like to take this space to thank our summer staff who helped us ensure that our students had an amazing time during their language summer stay with Alpadia. The team took lots of great photographs of our students and of the various activities.
