bellenglish.com/our-courses/young-learners

Introduction

This year marks the 70th anniversary of Bell and our unwavering commitment to transforming lives through language education – a journey that has continually evolved to meet the needs of learners worldwide.

As we celebrate this milestone, we also look back on the history that started with our first Young Learner centre at Bell The Leys in 1986, to our newest centre at Bell RMS for 2025. Each step has been guided by our dedication to providing exceptional educational experiences that inspire and empower young learners.

In an ever-changing world it is critical that young learners develop essential language and life skills to prepare for their learning, life, and work in the future. Our Young Learner programmes are the culmination of decades of expertise, bringing English language learning to life in ways that inspire students to aim high, exceed their goals and become confident and capable individuals.

Building confidence to communicate in an additional language takes guided support and practice, practice, practice. That's why we focus on developing core English language skills through project-based learning activities and interactive learning – an effective way to learn language quickly and successfully.

Our programmes are a truly international experience. In 2024, we welcomed 51 nationalities to our centres, giving students the opportunity to make friends and connections all over the world.

With expertly designed lessons, activities, and study tours, students will be inspired to reach their full potential. They will take on new challenges, surpass their expectations and experience what life could be like at an elite boarding school or university, kickstarting their road to academic success, and carrying forward the tradition of excellence that Bell has upheld for 70 years.

For more information on the history of Bell, please see our adult course brochure.

Why Study with Bell?

We continue to follow the vision of our founder, Frank Bell, who believed in the power of language to transform lives and the world. Our heritage means we have always had education at the heart of everything we do and in almost 70 years, we have never compromised on that.

Learning the Bell Way

Each student's learning is guided by The Bell Way, which has been developed by our academic team and an Emeritus Professor from the University of Cambridge.

The Bell Way is core to everything we do at Bell, enhancing your child's progress and ensuring their success.

Our Teaching Expertise

We pride ourselves on the strength and quality of our teaching methods and expertise. Young learner courses are taught using a project-based approach, which allows students to practice skills that go beyond language and communication, incorporating critical-thinking and collaborative tasks.

Outstanding Student Care

Safeguarding and the welfare of our students is the number one priority at all Bell schools. We employ residential staff, at a staff to student ratio of 1:6, to ensure that the pastoral and welfare needs of each individual student are covered. Dedicated houseparents, 24-hour supervision and an emergency helpline: together these create a safe and secure experience that ensures your child's welfare is our highest priority.

Prestigious schools

We have five young learner schools, all traditional, historic English buildings set in their own gardens and grounds in prestigious locations.

Each school has its own special atmosphere and diverse facilities from art rooms, dance studios and theatres to sports fields, swimming pools and tennis courts.

An Inclusive Approach

At Bell, we will always endeavour to accommodate students with additional learning needs. We will work with you before your child arrives in order to ensure we can meet the needs of your child and they will have the care and support they need to thrive during their time with us.

Tasty and nutritious

Your child will be offered a choice of nutritious food at each mealtime: breakfast, lunch and dinner. Snacks are also available during breaktimes. Packed lunches are provided on all study tours.

If your child has a dietary requirement, please let us know.

Sample study tour itinerary

08:30	Meet in classrooms
09:00	Depart for London
11:15	Explore the Natural History Museum
13:00	Coach to Tothill Street
13:30	Begin Walking Tour (Westminster – Covent Garden)
15:00	End of Walking Tour & free time with hourly check in Covent Garden
16:00	Meet at Coaches
16:15	Depart from London
18:00	Arrive back at Bell

Your Bell programme

Students learn faster and more successfully when they use English all the time and in a range of situations. This is why we offer fully integrated courses with lessons, activities and exciting study tours.

Inspiring lessons and project-based learning

Our lessons are carefully planned to improve students' language skills and build confidence. We focus on developing core English language skills through engaging and relevant weekly project themes, like 'Protecting the Planet'. Students work in groups and use what they have learned to produce a final project such as a short film or presentation.

- ▶ Tuition – 15 hours per week

Your choice of afternoon electives in the Explorer programme

Electives give students an opportunity to take part in a wide range of activities, with a choice of active, creative and academic options available at each school. Students have multiple sessions in each chosen elective, allowing them to build confidence and practise elective-specific language. Electives are delivered by experienced activity leaders with a variety of backgrounds, from keen sportspeople to professional actors.

- ▶ Two-week course – 6 x 3 electives (total 18 hours)
- ▶ One-week course – 4.5 hours x 2 electives (total 9 hours)

*Sample electives can be seen on each location page.

Evening activities

Students get further opportunity to practise their English as one big group or in teams during our evening events, which include quizzes, talent shows, sporting events and movie nights. **A programme of afternoon and evening activities is included in all our courses.**

Specialise with an Academy

Bell Academies give students the chance to specialise in one particular area of interest. Students on Explorer course at Bell Tudor Hall and Bell The Leys will have the option to pursue their interests and get high-quality tuition from a professional with many years of industry experience. Students practise their English while focused on learning or developing their chosen skill. This approach of 'learning by doing' helps students to learn faster and more successfully.

Due to popular demand, we encourage Academy options to be booked in advance for both centres. All Academies are available at an additional cost.

Academy details can be seen on the Bell Tudor Hall and Bell The Leys location pages.

Exciting study tours

As part of our young learner courses, students have the opportunity to explore places of interest in the UK, such as London, Oxford and Cambridge. Study tours are important learning opportunities, which students prepare for during their lessons. Each study tour relates to the weekly project theme on our Explorer courses.

Electives

Sports and Wellbeing

-  **Football:** Develop football skills through sessions focused on ball mastery, passing, defending, and scoring goals. Students will use English to understand football-specific terms and tactics, enhancing both their language and teamwork abilities.
-  **Archery:** Explore archery, starting with the basics of shooting and progressing to scoring and competition. The sessions provide a thorough introduction to the sport, all while using relevant English vocabulary.
-  **Rounders:** Cover the fundamentals of rounders, including throwing, catching, and batting skills. Students will learn the rules of the game and enhance their English communication by interacting with teammates.
-  **Volleyball:** Introduction to volleyball, focusing on serving, passing, and setting. Students will engage in games that improve their ability to communicate with teammates in English, boosting both their volleyball technique and confidence in using English in an active environment.

-  **Badminton:** Through interactive mini-games and a mini-tournament, students will develop their badminton skills while using English to strategise and communicate with teammates, enhancing their overall gameplay and language skills.
-  **Table Tennis:** Master skills in table tennis such as serving, rallying, and using forehand and backhand strokes. English will be used throughout to learn game rules and communicate during matches, improving language skills in a fun, competitive setting.
-  **Health & Fitness:** This elective allows students to participate in a variety of fitness activities designed to improve their health and physical condition. Students will learn about healthy living, including how to prepare nutritious snacks, all while using English to follow instructions and discuss lifestyle choices.
-  **British School Sports & Games:** Experience traditional British school sports like rounders and dodgeball. Students will also improve their language skills through game rules and team interaction.
-  **Orienteering:** Develop navigation skills by exploring the school's surrounding, while discovering local wildlife and plants. Students will learn about environmental importance and create recycled

musical instruments, blending learning with creative expression.

-  **Yoga:** Explore yoga techniques to enhance physical health and mental well-being. Sessions include learning yoga poses and mindfulness practices, and using English to understand instructions and discuss experiences, promoting both relaxation and language development.
-  **Lacrosse:** This elective covers the basic skills of lacrosse, a fast-paced team sport involving ball handling, shooting, and defensive skills. Students will use English to communicate strategies and play effectively with teammate, improving sporting and language abilities.
-  **Dodgeball:** Discover the exciting game of dodgeball, focusing on throwing, dodging, and team strategy. This elective uses English to explain game rules and facilitate team communication, making it a dynamic way to learn both physical skills and language.
-  **Swimming:** This elective teaches various swimming techniques and includes activities like relay races and scavenger hunts. Students will develop teamwork and communication skills in English, learning how to coordinate with team members and understand swimming instructions.
-  **Tennis:** Improve tennis skills through focused training on strokes, serves, and gameplay. Students will learn tennis-specific English terminology and use it during matches to communicate with partners and opponents, enhancing English and tennis skills.
-  **Hockey (Field):** Engage in field hockey, learning essential skills such as dribbling, passing, and shooting. This elective encourages students to use English to discuss tactics and play as a team, ensuring language development.
-  **Tag Rugby:** Explore tag rugby, an introductory form of rugby that emphasises teamwork and communication. Students will learn rugby passes and game rules in English, applying them in practice and match settings to enhance both their rugby skills and language use.
-  **Cricket:** This elective introduces students to cricket, focusing on batting, bowling, and fielding skills. Students will practise teamwork and communication in English, gaining a better understanding of the rules, techniques, and language of the game.

Exam Skills: Enhance study techniques with sessions on learning styles, revision strategies, and note-taking. Students will use English to explore different academic skills, including creating mind maps and preparing for exams, aiding in their overall educational development.

Creative Writing: Discover the art of creative writing, from poetry to short stories. Students will engage in writing exercises that encourage imagination and the use of English to express ideas creatively. This elective focuses on developing their writing skills and expanding their English vocabulary.

Book Club: Join a book club and read and discuss various literary works. This setting encourages students to share interpretations and critique literature using English, fostering a deeper understanding of texts and language.

Super Science Experiments: This hands-on elective helps students learn scientific vocabulary and processes in English. They will participate in exciting scientific experiments, learning about natural phenomena like volcanoes, enhancing both scientific understanding and language abilities.

Creative/Personal Development

Drama & Performing Arts: Explore fundamental drama techniques and develop performance skills. Students will create short scenes, learn to express emotions, and use English to communicate theatrical concepts. This elective enhances both their creative expression and language abilities.

Dance: Participate in dance sessions and learn routines in street dance, contemporary, and musical theatre. Students will develop choreography skills and use English to collaborate with other students, improving their dance technique and language proficiency.

Photography & Filmmaking: Dive into the world of photography and filmmaking. Students will learn about composition, perspective, and editing. They will also create storyboards and short films, using English to discuss concepts and techniques, which enhance both their artistic skills and language development.

Arts & Crafts: Engage in creative projects like paper marbling, comic strip creation, and stained glass

painting. This elective encourages students to use English to describe artistic processes and collaborate on designs, developing creativity and language.

Board Games: Design and play your own board games. This hands-on elective helps students develop game rules and design concepts while using English to explain and discuss their creations with friends, blending strategic thinking with language practice.

Sculpture & Pottery: Create sculptures and pottery pieces, learning various techniques like clay modelling. Students will use English to follow instructions, describe their artistic choices, and discuss techniques, which promotes both artistic expression and language skills.

Cooking: Learn to prepare a variety of dishes, including English apple pie and pizzas. Students will use English to follow recipes, describe tastes, and discuss cooking techniques, making this elective a delicious way to improve their culinary and language skills.

Performing Arts: Engage in activities that blend acting and musical skills. Students will learn how rhythm and tableau can drive a performance, using English to develop scripts and communicate with their audience and fellow performers.

Music: Try different musical instruments, learn rhythms, and create music in a group setting. This elective uses English to discuss musical concepts and collaborate on performances, enhancing students understanding of music and language.

Design & Textiles: Delve into design and textiles, learning to create patterns and textiles from scratch. Students will use English to discuss design concepts and collaborate on projects, improving their design skills and language proficiency.

Academic

Journalism: Step into the role of a journalist, crafting headlines and writing news stories. Students will learn the dynamics of a newsroom and use English to conduct interviews, write articles, and deliver news reports, enhancing their understanding of media and language.

Presentations & Debates: Develop skills in public speaking and argumentation through presentations and debates. Students will learn debate formats and techniques, using English to express their viewpoints and engage with diverse perspectives, boosting speaking skills.

Winter Explorer

Our Winter Explorer course gives students the opportunity to discover British culture while developing their English language skills, through project-based learning activities and interactive learning - both inside and outside the classroom.

Study Tours

London, Cambridge, Windsor, Edinburgh

Course summary

- ▶ Age - 11-17
- ▶ Course length - 1-6 weeks
- ▶ Tuition - 15 hours per week
- ▶ Max class size - 14
- ▶ Location - Bell St Albans
- ▶ Start dates - Any Sunday from 5 January - 15 February 2025

Spring Explorer

Spring Explorer is a perfect getaway for students to embrace that 'springtime' feeling and freshen up their language at our English countryside school, Bell St Albans. The course focuses on developing core English language skills through project-based learning activities and interactive learning - an effective way to learn language quickly and successfully. Our activity programme is also an integral part of the course and allows young learners to practice and develop what they have learnt in lessons.

Study Tours

London, Cambridge, Warwick, Windsor, Oxford

Course summary

- ▶ Age - 11-17
- ▶ Course length - 1-5 weeks
- ▶ Tuition - 15 hours per week
- ▶ Max class size - 14
- ▶ Location - Bell St Albans
- ▶ Start dates - Any Sunday from 23 March - 26 April 2025

Summer Explorer

Our Summer Explorer course gives your child the opportunity to learn about British culture whilst also developing their English language skills, through project-based learning activities and interactive learning - both inside and outside the classroom. English lessons include projects that are designed around weekly themes, and there are also elective sessions available that can be integrated as part of the course.

Study Tours

London, Cambridge, Windsor, Oxford, Brighton, Warwick

Test your English

Students at selected centres will also have the opportunity to demonstrate their language skills by undertaking the Cambridge LinguaSkill General Speaking Test every two-week course and receiving

a printed certificate. Please check our website for participating centres in 2025.

- ▶ Tuition - 20 hours per week
- ▶ Min. age - 16 years old
- ▶ Class size (max) - 14
- ▶ Start dates - 22 June, 6 July, 20 July 2025

Bell RMS

Hertfordshire

The RMS School was founded in 1788 and moved twice within London until it finally settled in the magnificent grounds of Rickmansworth Park, Hertfordshire, in 1934.

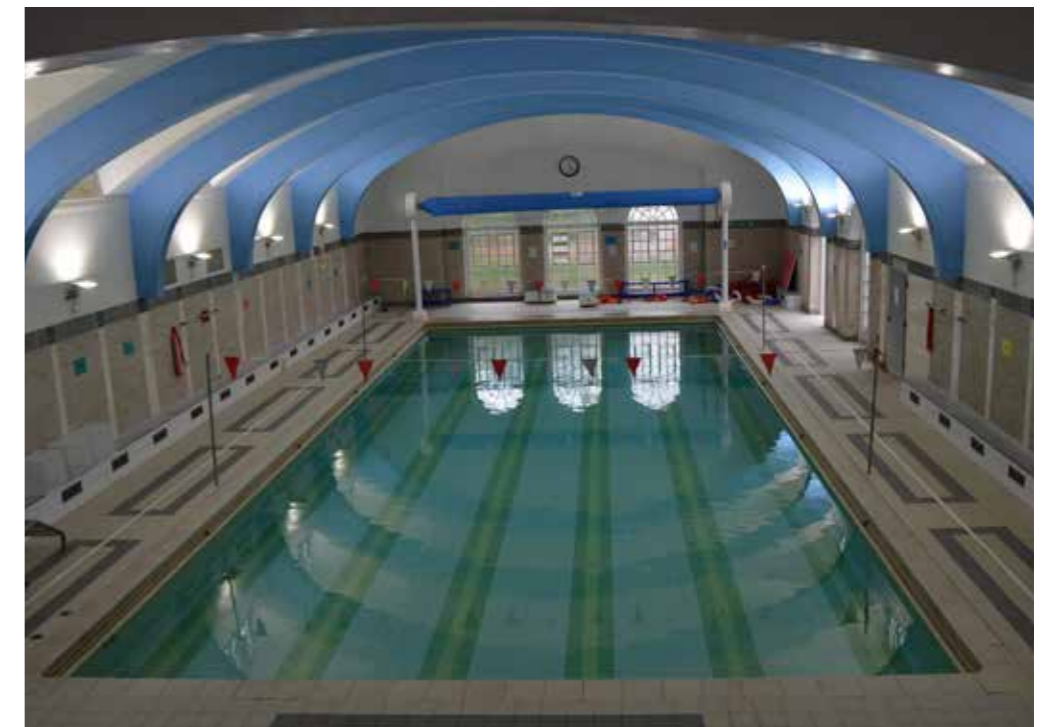

The school was purpose built on its site, making the most of its generous land. The building includes a Great Hall and decorated Dining Hall as well as modern Sports facilities.

Within easy reach of London Heathrow Airport and access to Central London by Tube, this is the perfect location for our Summer Explorer.

Summer Explorer

FUN FACT – Bell RMS was featured in the 1981 'Indiana Jones and the Raiders of the Lost Ark' movie
