Our Story. Your Journey.

At BELS, everything starts with people.

REBECCA BONNICI
CEO

In 1997, my father, Donald, helped open a small English language school in Gozo. It was built on a simple idea: that learning should feel personal, not rushed; human, not transactional. A place where people could grow in their own way, at their own pace.

I joined soon after, thinking it would be just a summer job. But standing in the classroom for the first time, I felt something shift. I saw how learning English gave people confidence, how it helped them connect, adapt, and move forward in life... That feeling has stayed with me, even today, decades later.

Over the years, BELS has grown slowly and steadily. We now have two schools, one in Gozo and one in St. Paul's Bay, and every year, more than 2,500 people come to us from over 67 countries, to learn, connect, and discover something new about themselves.

And while our reach has grown, our focus hasn't changed. We're still personal by design and fully focused on your progress. Because for us, language isn't only about grammar or vocabulary, it's about confidence, curiosity, and the courage to try. It's being able to share who you are, and feel understood. That's why our mission is simple: to empower people through English. We believe in real progress, not quick fixes. And we believe that learning works best when there's trust, care, and support behind it. That's what you'll find here, with our teachers, our staff, and our community.

And our values, teamwork, authenticity, quality, transparency, flexibility, commitment, and excellence, are more than words on a wall. They shape how we teach, how we treat people, and how we show up every day.

We're proud of our accreditations and recognition, EAQUALS, GSS, and FELTOM, but the moments that matter most are the personal ones: your first brave words spoken in class, the friendships formed over coffee, the smiles on the last day when you realise how far you've come.

Wherever you are in your journey, whatever brings you here, I hope BELS becomes a place where you feel seen, supported, challenged, and inspired to grow.

Welcome to BELS. I'm so glad you're here. If you see me around the school, please come and say hello. I'd love to hear your story, too.

Warmly,
REBECCA BONNICI, CEO

Your Ideal Learning Destination

Where English meets culture, community, and a world-class learning environment.

Malta and Gozo aren't just places to study — they're places to live, connect, and grow. With high exposure to English, a safe and social atmosphere, and a lifestyle shaped by sunshine, nature, and tradition, the islands create an environment where language learning feels natural and exciting. Every detail — from the people you meet to the views you wake up to — becomes part of the journey.

ENGLISH ALL AROUND
English is how life happens here – in class, on signs, in shops, and in conversation. You'll be speaking it all day, every day.

CULTURAL DEPTH
Temples, tombs, old cities, museums, and street art – history and culture are all around you.

INSPIRING NATURE
Beaches, cliffs, forest trails, and sea views are always close by – nature's part of the daily experience.

FRESH, LOCAL CUISINE
Local honey, cheeses, seafood, and wines – meals here are fresh, full of flavour, and made to be shared.

CONSISTENT SUNSHINE
Over 300 sunny days a year mean bright skies, warm light, and picture-perfect sunsets, almost every day.

SAFE, STABLE & WELL-CONNECTED
Friendly, peaceful, and easy to explore – Malta and Gozo feel safe and familiar. Plus, Europe's just a short flight away.

VIBRANT ISLAND LIFE
From beach cafés to festivals and live music, there's always something going on – and someone to enjoy it with.

A COSMOPOLITAN MIX
A blend of locals, expats, and travellers creates an open, friendly vibe. It's easy to meet people and make connections.

The BELS Advantage

Every learner starts with a goal — to speak more confidently, explore new opportunities, or simply communicate better. At BELS, we help turn that goal into a clear, achievable path. With expert teachers, small classes, and a supportive international community, learning becomes personal, purposeful, and rewarding from the very first lesson.

PROGRESS THAT FEELS REAL
Lessons are built around practical outcomes — helping learners speak, understand, and use English naturally in everyday life.

INNOVATIVE BY NATURE
We don't do copy-paste teaching. We lead, adapt, and evolve — with fresh ideas, continuous training, and a culture of never standing still.

TECH-FORWARD AND FUTURE-FOCUSED
From interactive boards to digital tools, our classrooms are designed for modern learners — blending technology with a strong methodology.

A STRUCTURED PATH TO PROGRESS
We follow a clearly defined syllabus built around CEFR levels, functional language, and weekly themes. No guesswork. No repetition. Just steady, measurable improvement across skills.

A SCHOOL THAT SEES YOU
With around 70–100 students per week and small class sizes (max 12, or 6 in mini groups), every learner gets the focus they deserve. Teachers track your goals, give individual feedback, and create a space where progress happens faster — and feels personal.

QUALITY YOU CAN TRUST
BELS is internationally accredited, locally licensed, and consistently rated 5 stars by learners. It's a reputation we've earned — and maintain.

Two Islands, One Experience

Study in Malta's buzzing seaside town or Gozo's calm island countryside.

Craving beach walks, café culture, and summer energy? Malta brings the buzz. Prefer something slower, more soulful? Gozo is scenic, peaceful, and rich in local life. Can't decide? You don't have to. With one shared syllabus and one supportive team, you can switch between both — without missing a step.

BELS Gozo.

PEACEFUL, BUT NEVER QUIET.

BELS Gozo is ideal for adults who want more from their study experience — more space, more calm, more connection. The setting is quiet, the lifestyle is relaxed, but the energy? Still very much alive. After class, it's easy to join a coastal hike, try kayaking, visit a vineyard, or explore hidden coves and ancient villages. Our activity programme is tailored to adult learners — social, cultural, and active — with just the right mix of fun and flexibility. Gozo is where you disconnect from the noise and reconnect with learning, culture, and community.

BELS Malta.

ENERGETIC, SOCIAL, AND STEPS FROM THE SEA.

In the heart of St. Paul's Bay, BELS Malta blends Maltese charm with international energy. Beaches, cafés, and gyms are all nearby — so seaside living becomes part of your daily routine. Swim before class, paddleboard after, or just unwind by the water. Inside the school, you'll find a modern, social vibe, and flexible course options for different ages, levels, and learning rhythms. Whether you're here for a short boost or a longer stay, it's easy to enjoy Malta's outdoor lifestyle while staying focused on your goals

It's my fifth time at BELS Gozo. I love the peace and beauty of the island. At school there's an opportunity to interact with adults from different countries and cultures. I always have professional teachers who are also very patient with me. I come back because I'm sure I will have a good experience here and meet a community of friendly people.

The BELS Approach

A Clear Path to Better English Every Day

Whether you're here to gain confidence, grow your career, or simply enjoy the language, we shape our lessons around your journey. At BELS, it is all about relevance, real-life application, and a classroom that brings out your best.

BUILT ON STRUCTURE, FOCUSED ON FLUENCY

Each week follows a clear academic framework — no random lessons, no wasted time. Classes include functional language, grammar awareness, and structured discussions to help you use English confidently in real life.

RELEVANT TOPICS, NOT EMPTY CONVERSATIONS

Lessons focus on practical, everyday communication — the kind you'll use at work, in travel, or day-to-day life. We avoid repetition and avoid topics that don't serve your goals. You'll leave each day feeling prepared, not puzzled.

MORE TIME TO SPEAK. MORE TIME TO GROW.

Small classes mean more speaking time, faster teacher feedback, and stronger progress. With a max of 12 in standard groups and just 6 in mini groups, our setup gives you the space to use your English — not just hear it.

HIGH STANDARDS RESPECTED WORLDWIDE

We're accredited by EAQUALS and Quality English — trusted organisations that recognise our academic standards, teacher training, and student-centred approach. It's your guarantee that quality is not just promised — it's checked.

TAUGHT BY PROFESSIONALS WHO CARE

Our teachers don't follow a script. They're trained to adapt to your level, goals, and pace — keeping classes challenging, supportive, and relevant every step of the way.

Here's How You'll Excel at English with BELS:

1

2

On your first day, your teacher will lead speaking activities to check that your placement matches your spoken level. This helps ensure a balanced, supportive classroom and the best learning fit for you.

3

REGULAR SELF-STUDY TASKS

Your teacher will assign homework at least three times a week and provide feedback. You'll also get access to the SPARK platform by National Geographic — a digital space to practise English and explore more at your own pace.

4

ENGLISH PRACTICE 24/7

Between classes, life at BELS keeps the conversation going — whether you're joining activities, living in residence, or exploring the island. You'll live the language every day, not just learn it.

5

Everything you do in class comes with guidance — from speaking to writing. Our teachers are here to support you every step of the way with regular feedback and encouragement.
