BLUEBRIDGE
EDUCATION

Programme Modules

Careers Masterclass Course will introduce you to the following subject areas:

- Science & Engineering Workshop
- Entrepreneurship Workshop
- Business & Finance Workshop
- UK Technology Start-up Culture
- Leadership & Personal Development
- Visual Identity, Personal Branding & Public Speaking
- Career Orientation: How to select a UK University
- Artificial Intelligence
- Medical Pathway
- Law Pathway
- Economics Pathway
- Literature Pathway
- Understanding UK Universities

Group Project Sample Themes:

1. "A country without culture is a country without a soul. And a country without a soul is a country capable of doing great evil."
2. "Climate change and mass migration are the greatest threats facing the global community in the future."
3. "A government's top priority should be to ensure that the country has a strong economy. Without a strong economy, supported by industry and entrepreneurship, the government cannot address other social issues."
4. "Every individual in society has a responsibility to take care of their own health and education. Anyone too lazy to live a healthy life and to contribute to society should be punished."

Accommodation

Stay on campus in Homerton College. With over 250 years of history behind it, Homerton has a fresh and purposeful attitude to learning. It is one of the largest and most diverse colleges in Cambridge.

Homerton is on the south side of Cambridge and features an orchard, lawns, conservation area and generous green spaces. The buildings mix old and new, with a fine Victorian building and superb new dining hall at the college's heart.

You will be staying in a single en-suite room with a shower and toilet.

More details on accommodation at Homerton College:
homerton.cam.ac.uk/homerton-conferences-and-events/guest-accommodation

Please note, the College is subject to change. Should the Course location be changed to another Cambridge University College, you will be notified in advance, no later than two weeks prior to the start of the course.

EDUCATION

Cambridge Leadership School Sample Lecturers

Scott Annett

Dr Scott Annett is a Fellow of Robinson College and a Bye Fellow at Homerton College. He is currently the Senior Tutor at Robinson College, with responsibility for pastoral care, admissions and the academic performance of both undergraduate and postgraduate students.

He is an Associate Professor in English, specialising in the interconnections between English and Italian literature. At the moment, his research concentrates

on the writing of Dante, Chaucer and Samuel Beckett. He is a CELTA qualified English language teacher, and recently completed a Postgraduate Certificate in Teacher and Learning in Higher Education. He is the Education Director for the Homerton International Programme. Finally, he is the Director of Rugby for the University of Cambridge and the Senior Member on the Joint Blues Committee, which is the group responsible for recognising high performance in sport at the University of Cambridge.

Alex Smeets

Dr Alex Smeets runs his own innovation and R&D grant funding consultancy business, providing services to entrepreneurs, small businesses and universities under the brand names of Cambridge Innovation Solutions and Cambridge Funding Solutions. Alex is an Associate of Cambridge Enterprise, the commercialisation company of the University of Cambridge, for whom he helps to deliver its International Outreach Programme: consultancy, training, mentoring and visit programmes for universities and public-sector organisations from all over the world that want to learn lessons from the Cambridge Phenomenon.

He is also an Associate of St John's Innovation Centre, a world-renowned centre that provides flexible accommodation and a supportive environment to early-stage, knowledge-based businesses, and is a registered and approved Growth Coach for the UK-wide GrowthAccelerator service. In previous lives, Alex was a Regional Director of Oxford Innovation and an Executive Director of St John's Innovation Centre in Cambridge. He has a PhD in Materials Science from the University of Cambridge and worked in materials research and development for five years before branching out into the support of innovation, entrepreneurship and the commercialisation of new knowledge.

Jonny Andrews

During his time as a undergraduate student at the University of Cambridge, Jonny Andrews studied Theology, Religion and Philosophy of Religion, with particular focus on religion in the Pacific Islands and the ever-changing global religious landscape. He also represented the University of Cambridge at rugby and cricket.

Since graduating from Homerton College, he has worked for BlueBridge Education as Special Projects Manager and for Cambridge University Rugby Club as Assistant Director of Rugby. He is also currently studying for a Masters in Social Innovation at the Cambridge Judge Business School.

Cambridge Leadership School Sample Lecturers

Umang Bhatt

Umang Bhatt is an Assistant Professor & Faculty Fellow at the Center for Data Science at New York University and a Research Associate in Safe and Ethical AI at the Alan Turing Institute. He completed his PhD in the Machine Learning Group at the University of Cambridge. His research lies in human-AI collaboration, AI governance, and algorithmic transparency.

Previously, he was a Research Fellow at the Partnership on AI, a Fellow at the Mozilla Foundation, and a Fellow at Harvard's Center for Research on Computation and Society. Umang received his MS and BS in Electrical and Computer Engineering from Carnegie Mellon University.

Jessica Tayenjam

An experienced strategist, product leader, and user researcher, Jessica Tayenjam specialises in innovation, cultural transformation, and new product/service development for companies of all sizes.

Jessica has worked with major brands such as HSBC, Boots, Visa, UNICEF, Dominos, British Gas and NatWest with projects across Europe, the Americas and Eastern Asia.

She is also a startup advisor and has mentored a range of new ventures over the last 12 years.

As a Fellow at the Cambridge Centre for Social Innovation, part of the Judge Business School, Jess is passionate about social inclusion and sustainable business. Her particular areas of interest are developing women and gender diverse individuals' leadership and inclusion in the corporate space.

Mark Anderson

Having had a successful career as an investment banker & trader, Mark Anderson has built a global reputation as a consultant and 'trouble-shooter' for businesses, particularly those with Anti-Money Laundering, Financial Crime & HR-related issues. Mark has worked with Governments and quasi-Governmental

institutions worldwide as well as some of the world's leading financial institutions. His recent projects have included setting up HR divisions, working on offshoring projects and successfully training thousands of staff globally to spot and eradicate money laundering & financial crime.

BLUEBRIDGE
