History

Founded in 1979 in Dublin in Ireland, Centre of English Studies (CES) has grown to become one of the best known and trusted English language schools in the world.

A family - run business CES now operates 9 year round centres in Ireland, England, Scotland and Canada. Dublin, Cork, Worthing, Edinburgh, Oxford, Leeds, London, Toronto and Vancouver are the locations in which we currently have Junior centres. Our motto is Care, Excellence and Success, and we pride ourselves on having used those 40 + years

of experience not only teaching English to the globe, but also making sure that each and every student gets new experiences and leaves our schools with a better level of English!

Each summer we welcome clients from over 50 countries to our Junior summer programmes. Our international mix of students is one of the fundamental ingredients for the success of our programmes. This nationality mix will give you, our future student, a chance to make new friends from all over the world.

Why Choose CES?

Accommodation

College Residential

Our most popular accommodation option is available at most of our junior summer centres and is the backbone of the CES experience

In each centre our accommodation has been specifically chosen to meet the needs of young language learners and to provide a safe and secure environment where students can relax and interact with each other outside of the classroom.

Our residential student accommodation is provided on a full board basis and we offer a mix of single ensuite rooms and single rooms with shared bathroom facilities depending on the location.

In order to maximise the student experience, those students who choose to stay in residential accommodation will have additional evening activities led by our enthusiastic social programme team. All of our residential accommodation locations have 24/7 security and CES representatives will always be on site to provide assistance and peace of mind.

Homestay

While staying in carefully selected homestay accommodation, our students will have the opportunity to engage with the local culture and to experience what it is like to be part of a local family. This immersive English-speaking experience helps our students to develop natural language and the confidence to interact with native speakers.

Students who choose to take homestay accommodation will share a room with other student from their own group, and individual students will share with other international students and have the opportunity to make new friendships that span the globe (In Toronto single rooms only).

All of our homestays are visited and monitored by our experienced CES accommodation teams

and are chosen for their friendliness and the warm welcome with which they greet each student. Homestay accommodation is offered on a full board basis with breakfast and dinner enjoyed at the family home and a packed lunch during the week. Our homestays are located as conveniently as possible to our schools and near to excellent public transport links that allow students to travel to school safely and with confidence.

Academic

CES International Junior General English Summer School – 20 Lessons Per Week

Our hugely popular and long-running International Junior Summer School programme offers young learners the opportunity to improve their English language skills in a fun, challenging and welcoming environment. Our focus in the CES Junior Programme is primarily communicative and is designed to activate, expand and develop the students' language skills.

We focus on developing core language skills, with a particular focus on speaking and listening in class. Students will engage with authentic English language materials and be encouraged to take part in debates, role plays and interactive task-based activities to develop their fluency and confidence. In addition to introducing new vocabulary and grammar, our teachers will also encourage their students to improve presentation skills and techniques that they can apply to future education and careers.

Students will also be tasked with researching and giving presentations on projects that we assign weekly. Project themes can be either topical, based on issues that they care about, or on aspects of Irish, UK or Canadian culture such as literature or history, appropriate to student age and level. They will also be given time to find out about how students from other countries experience being a teenager. Each class has a weekly progress test and will be based on the week's learning aims.

Students will typically have two teachers. Lessons are learner-centred, and ongoing needs analysis means that course work is constantly adapted to the each individual student. Learners can expect to get plenty of homework and feedback from their teachers.

SOCIAL

In CES We Know How Important The 'Social Side' Of The Programme Is.

Students travel from all over the globe to attend our centres and we do our very best to ensure that you will go home with friends from both your own country and all over the world.

Each centre has a dedicated team of 'Yellow Shirts' who will organise a full and varied social and cultural programme for you. Where possible, weekly project topics are integrated with afternoon cultural visits where students are encouraged to develop the English skills they have obtained in class. Fun activities like zumba / yoga / CES Olympics / arts & crafts and sports are organised on the campus, but you will also have a chance to visit some of the top tourist and historical attractions in your chosen location. Edinburgh Castle, Buckingham Palace, Trinity College or Toronto Island – the choice is yours. We look forward to making your time with us as enjoyable as possible!

Dublin

HOMESTAY

Mercy College

Dublin is the vibrant and culturally rich capital of Ireland and offers an unmatched experience that goes beyond language education.

At Centre of English Studies Dublin, students will have the opportunity to meet people from all over the world, creating a diverse and inclusive learning environment that broadens their horizons.

Explore historic sites, visit world-class museums, and enjoy the vibrant arts scene. Learning English in such a culturally rich environment makes the experience truly unforgettable.

Vancouver

RESIDENTIAL

CES Vancouver's Young Adult program is all about creating experiences of a lifetime! Surrounded by students from different cultures and language backgrounds, the Young Adult Program allows students to enhance their language skills in the morning and then explore the many natural wonders for which Vancouver is so well known.

Located in the heart of historical district of Vancouver - Gastown - CES Vancouver is easily accessed from the many neighborhoods where our host families are located.

Students can easily travel via public transportation to and from the school.
