While staying in carefully selected homestay accommodation, our students will have the opportunity to truly engage with another culture and to experience what it is like to be part of a local family. This immersive experience helps our students to develop natural language and the confidence to interact with speakers of English.

Students who choose homestay accommodation will be placed in a single or shared room, depending on location and whether they are travelling with a group or individually. Bathroom facilities are typically shared.

All our homestays are visited and monitored by our experienced CES accommodation teams and are chosen for their friendliness and the warm welcome with which they greet each student. Homestay accommodation is offered on a full board basis, with breakfast and dinner enjoyed at the family home and a packed lunch provided to students during the week. Our homestays are located as conveniently as possible to our schools and near to excellent public transport links that allow students to travel to school safely and with confidence.

SOCIAL PROGRAMMES

At CES we know how important the 'social side' of the programme is.

Students travel from many countries to attend our centres, and we do our very best to ensure that they go home with friends from all over the world.

Each centre has a dedicated team of 'Yellow Shirts' who organise a full and varied social and cultural programme for the students. Where possible, weekly project topics are integrated with afternoon cultural visits so that students can put into practice the English skills they have developed in class.

Fun activities like sports, drama, arts & crafts, and dance are organised on the campus, and students also have an opportunity to visit some of the top tourist and historical attractions in their chosen location. Edinburgh Castle, Buckingham Palace, Trinity College or Niagara Falls – the choice is yours. We look forward to making every student's time with us as enjoyable as possible!
