ABOUT US

College College Summer School is an exciting place to spend a summer. Set in a 73-acre campus in the heart of the English countryside, Concord College Summer School has welcomed international students for over 40 years.

Concord is an international community dedicated to rigour, kindness and creativity, where young people flourish, find confidence and a sense of self-worth whilst building foundations for future academic success. The excellent academic and recreational facilities provide students with a fantastic British summer school experience.

Why a Concord Summer?

Concord Summer School offers a range of academic courses that provide an enriching learning experience, accompanied by General Study courses in English and Science to improve skills and knowledge in an interactive and joyful learning environment. In addition, all summer school students will have the opportunity to join two Enrichment Activities alongside an extensive and fun Social Programme packed with campus events and exciting trips and excursions.
