FOR LEARNING

YOUR WEEK!

INITIAL EVALUATION

Our faculty team, which stands out for a long academic career, makes an initial personal evaluation on each student to place them at the course of the pertinent level to maximize their potential.

DEVELOPMENT OF THE CLASSES

Throughout the camper's stay, our faculty team selects and personalizes a wide variety of activities focused on stimulating effective communication in a second language, teamwork, problem solving, critical thinking, and creativity to help and encourage students to develop linguistic skills and achieve their learning goals.

SPANISH OR ENGLISH **LANGUAGE CLASSES**

20 CLASSES PER WEEK

SPANISH OR ENGLISH CLASSES

Enforex has developed its own teaching methodology which has proved to be very successful. Our teaching approach is designed to build each student's confidence and fluency in speaking Spanish naturally and spontaneously.

This methodology is inspired by the competency-based learning with which they will develop linguistic skills in an immersion environment. The student will improve their strengths in areas such as critical thinking, creativity and teamwork. Moreover, we offer a fun and emotional environment that incentives learning regardless of the students' age.

EXCEPTIONAL TEACHERS

We know the difference a great teacher makes in language learning. All of our teachers hold specialist teaching qualifications and have an average of eight to ten years of teaching experience. Their enthusiasm, creativity and dedication to students' success is what makes Enforex teachers stand out.

GET YOUR LANGUAGE CERTIFICATE

Each student will receive a certificate corresponding to their progress during their course according to our comprehensive assessment process which is made of diagnostic, formative and summative evaluation.

INNOVATIVE AND PERSONALIZED TEACHING METHODOLOGY

Our proven teaching method is based on developing the competencies that the students need to achieve success in the future. The learning system is really significant since they will build knowledge and acquire new skills as they create real-life projects with a 100% active participation method.
We focus on comprehensive development encouraging leadership, teamwork, communication skills, and emotional intelligence so that the students become the center of their own learning experience.
Also, we organize and adapt our lessons according to their level and previous knowledge. This blend of knowledge, skills, and aptitudes are key as the student will need to develop them throughout their working and personal lives. The students will be learning the language as they enjoy every minute of it.

WE TEACH ALL LANGUAGE LEVELS

Students will take an online placement test before the program starts, ensuring that everyone is assigned to the appropriate level on the first day and ready to start the program immediately.

TRACKING

Throughout the weekly sessions our teachers will assess each student's progress so to adapt to their individual and group needs and thus customize the teaching.

FINAL EVALUATION

We involve the students in their own progress since their arrival until the end of their program. When their stay comes to an end, they get the results of their whole progress evaluation, taking into account not only their linguistic skills, but also their personal evolution and the achievement of the set goals.

The money will be returned within 30 days of the official cancellation date.
- Students who require and have obtained their visa through Enforex can purchase the cancellation guarantee, however their cancellation will only be considered once the student provides proof of having left the host country. In these cases, 9% of the amount to be refunded will be charged plus an administration fee of € 75/$ 90 and € 35/$ 40 bank charges will to cover administrative costs. These conditions will apply to any cancellation made after the invitation letter has been issued.
- Only valid for our Ideal Education Group schools in Spain and Mexico.

VISAS FOR SPAIN

- Citizens of countries belonging to the European Union do not need a visa to enter Spain.
- Students coming from other countries should obtain information regarding the requirements for obtaining a visado (visa) at their nearest Spanish Embassy or Consulate. The certificates that accredit and confirm a student's enrollment in a Spanish program at Enforex can only be signed, sealed, and sent by people authorized by Enforex, who will not be responsible for rejected visa applications. These certificates do not hold any official validity; they serve only as confirmation of a course to be taken at one of our schools. Such documents will only be sent to cover the amount of course time initially contracted by the student. Enforex will send out, free of charge and to any student who asks for them, the following documents (if and only if the total cost of the program has been paid):
- Confirmation of the Spanish program chosen by the student.
- Invoice for the total cost of the program in question (course + accommodation).
- In the event that the student should urgently need the originals of any of these documents, Enforex will send them and charge the cost of express mail to the student.
- If a student visa is rejected, Enforex will refund the cost of the program minus € 350/$ 400, and any additional basic costs. The student must show Enforex formal proof (original copy) that their visa application has been rejected in order to receive a refund. If this original copy is not received by Enforex, 100% of the cost of the program will be charged.
- Any refund from Enforex if a student visa is rejected will be subject to a 9% charge (a minimum of € 75/$ 90).
- If the student does not obtain the visa on time for the reserved program and needs to delay or cancel his/her arrival, we will charge 100% of the first 2 weeks plus all described cancellation fees (see section Course Cancellations and Changes).
- These conditions will apply to any cancellation made after the invitation letter has been issued.

AIRPORT TRANSFER SERVICES

- Flight information (place, date, time, and flight number) must be confirmed in writing at least one week prior to arrival. Otherwise, Enforex will not be held responsible for picking up the student at the airport and there will be no refund.
- If the student cancels the airport shuttle service less than one week prior to arrival, he/she will lose the right to a refund of the cost of that service.
- In the exceptional case that other students who have reserved a private airport transfer service with us and arrive around the same time, our driver reserves the right to combine the transfers.
- In the event of delays or changes in flight information without previous notification, Enforex will not be held responsible for picking up the student at the airport and there will be no refund.

HOLIDAYS

- Please check for updated holiday information before planning your trip to Spain or Latin America www.enforex.com/student-corner/faq/holidays
- Lessons missed due to national or local holidays will not be made up or refunded. When more than one holiday falls in the same week (Monday – Friday), either one day of the missed lessons can be made up or a 20% discount will be applied to the corresponding course week price for a 1 or 2-week program; if students prefer to receive the discount they must notify us at the time of enrollment. One-to-One lessons will always be made up.
