Course content

Unlike our other Young Learner English programmes, this course has English lessons in both the morning and in the afternoon: 21 lessons of English tuition per week by a qualified English teacher. It is an intensive course across English reading, writing, listening and speaking skills.

It is not all hard work though – Intensive English classes are lively, interactive and fun. Students are encouraged to speak English at all times, and benefit from using the language with others their own age in different social situations.

Students will have 15 hours of general English lessons with the rest of the school then six additional hours focused on improving their spoken English with an exam at the end of their course.

Students also participate in sports, arts and crafts, and other activities. Aimed at practising English through fun and teamwork, the Intensive English programme proves that it is possible to work hard and still have fun!

Study trips are also a big part of the course, with one full-day and one half-day trip included every week. Examples include: Punting on the River Cam and London, with a ride on the London Eye, a royalty and politics walking tour, and Westminster Abbey and free time for shopping.

There are on-site evening activities organised by IH staff every night, including fashions shows, discos, film nights, and treasure hunts.
