## ***“Dream Big, Work Hard, and Never Give Up.”*** – Stanley Kaplan

Over 85 years ago, Stanley Kaplan began tutoring his peers in the basement of his parents' home. As a Brooklyn-born son of immigrants and a first-generation college student, Stanley believed in the power and necessity of education for all.

Today, our thousands of employees working in 27 countries/regions continue Stanley's mission as they serve about 1.2 million students and professionals, 15,000 corporate clients, and 3,300 schools, school districts, colleges, and universities worldwide.

## Small class sizes

We know how important it is for you to feel connected to your teacher and classmates, that's why all our English, French, and German classes never have more than 17 students in them! This way the teacher can keep track of everyone's progress, and you will feel seen and heard during your lessons.

## Blended learning system

Alongside your lessons, you'll have access to Kaplan's range of books, AI powered online resources and clubs to help continue your learning outside of class. At our English schools, Semi-Intensive and Intensive students will also have access to K+ Extra, which includes over 500 exercises so that you can practice your English as much as you want 24/7.

# Kaplan teaching methodology

## 360° Learning

At Kaplan, we believe the best way to learn a language is to completely immerse yourself in it; practicing every day in a supportive environment. We combine this with frequently updated learning materials and technology that keep lessons interesting and relevant. Class activities could revolve around events in the news or recent movies or TV shows.

## Expert teachers

Our friendly and highly qualified teachers from a variety of backgrounds provide interactive lessons designed to prepare you for using a new language in the real world. Small class sizes allow our teachers to get to know you and help you to build a personalized learning strategy.

## Kaplan Test of English

Our Kaplan Test of English is an advanced testing system that adapts the questions to your responses. The difficulty of the questions changes as you go along to build a highly accurate impression of your level. This allows us to place you in the correct class and create a more tailored experience for you depending on your needs.

# Fastest English progression in the education industry

We don't make up our English, French, or German levels—they're aligned with CEFR (Common European Framework of Reference), an international standard for describing language ability. This helps workplaces, companies, and universities worldwide understand your level. We don't measure in half levels or smaller steps, so when we say you'll move up one level in 10 weeks, it means real, recognized progress.
