Kings English Levels

Strong language skills are developed through constant exposure to and interaction with English and its speakers on a daily basis.

At Kings, we will guide you through this process towards greater confidence and command of the language.

“On a long-term course studying English at Kings, you will go through many stages on your journey to fluency. This is not the same for everyone, but there are common features that most people experience ”

Marc Burgess
Director of Studies, Kings Oxford

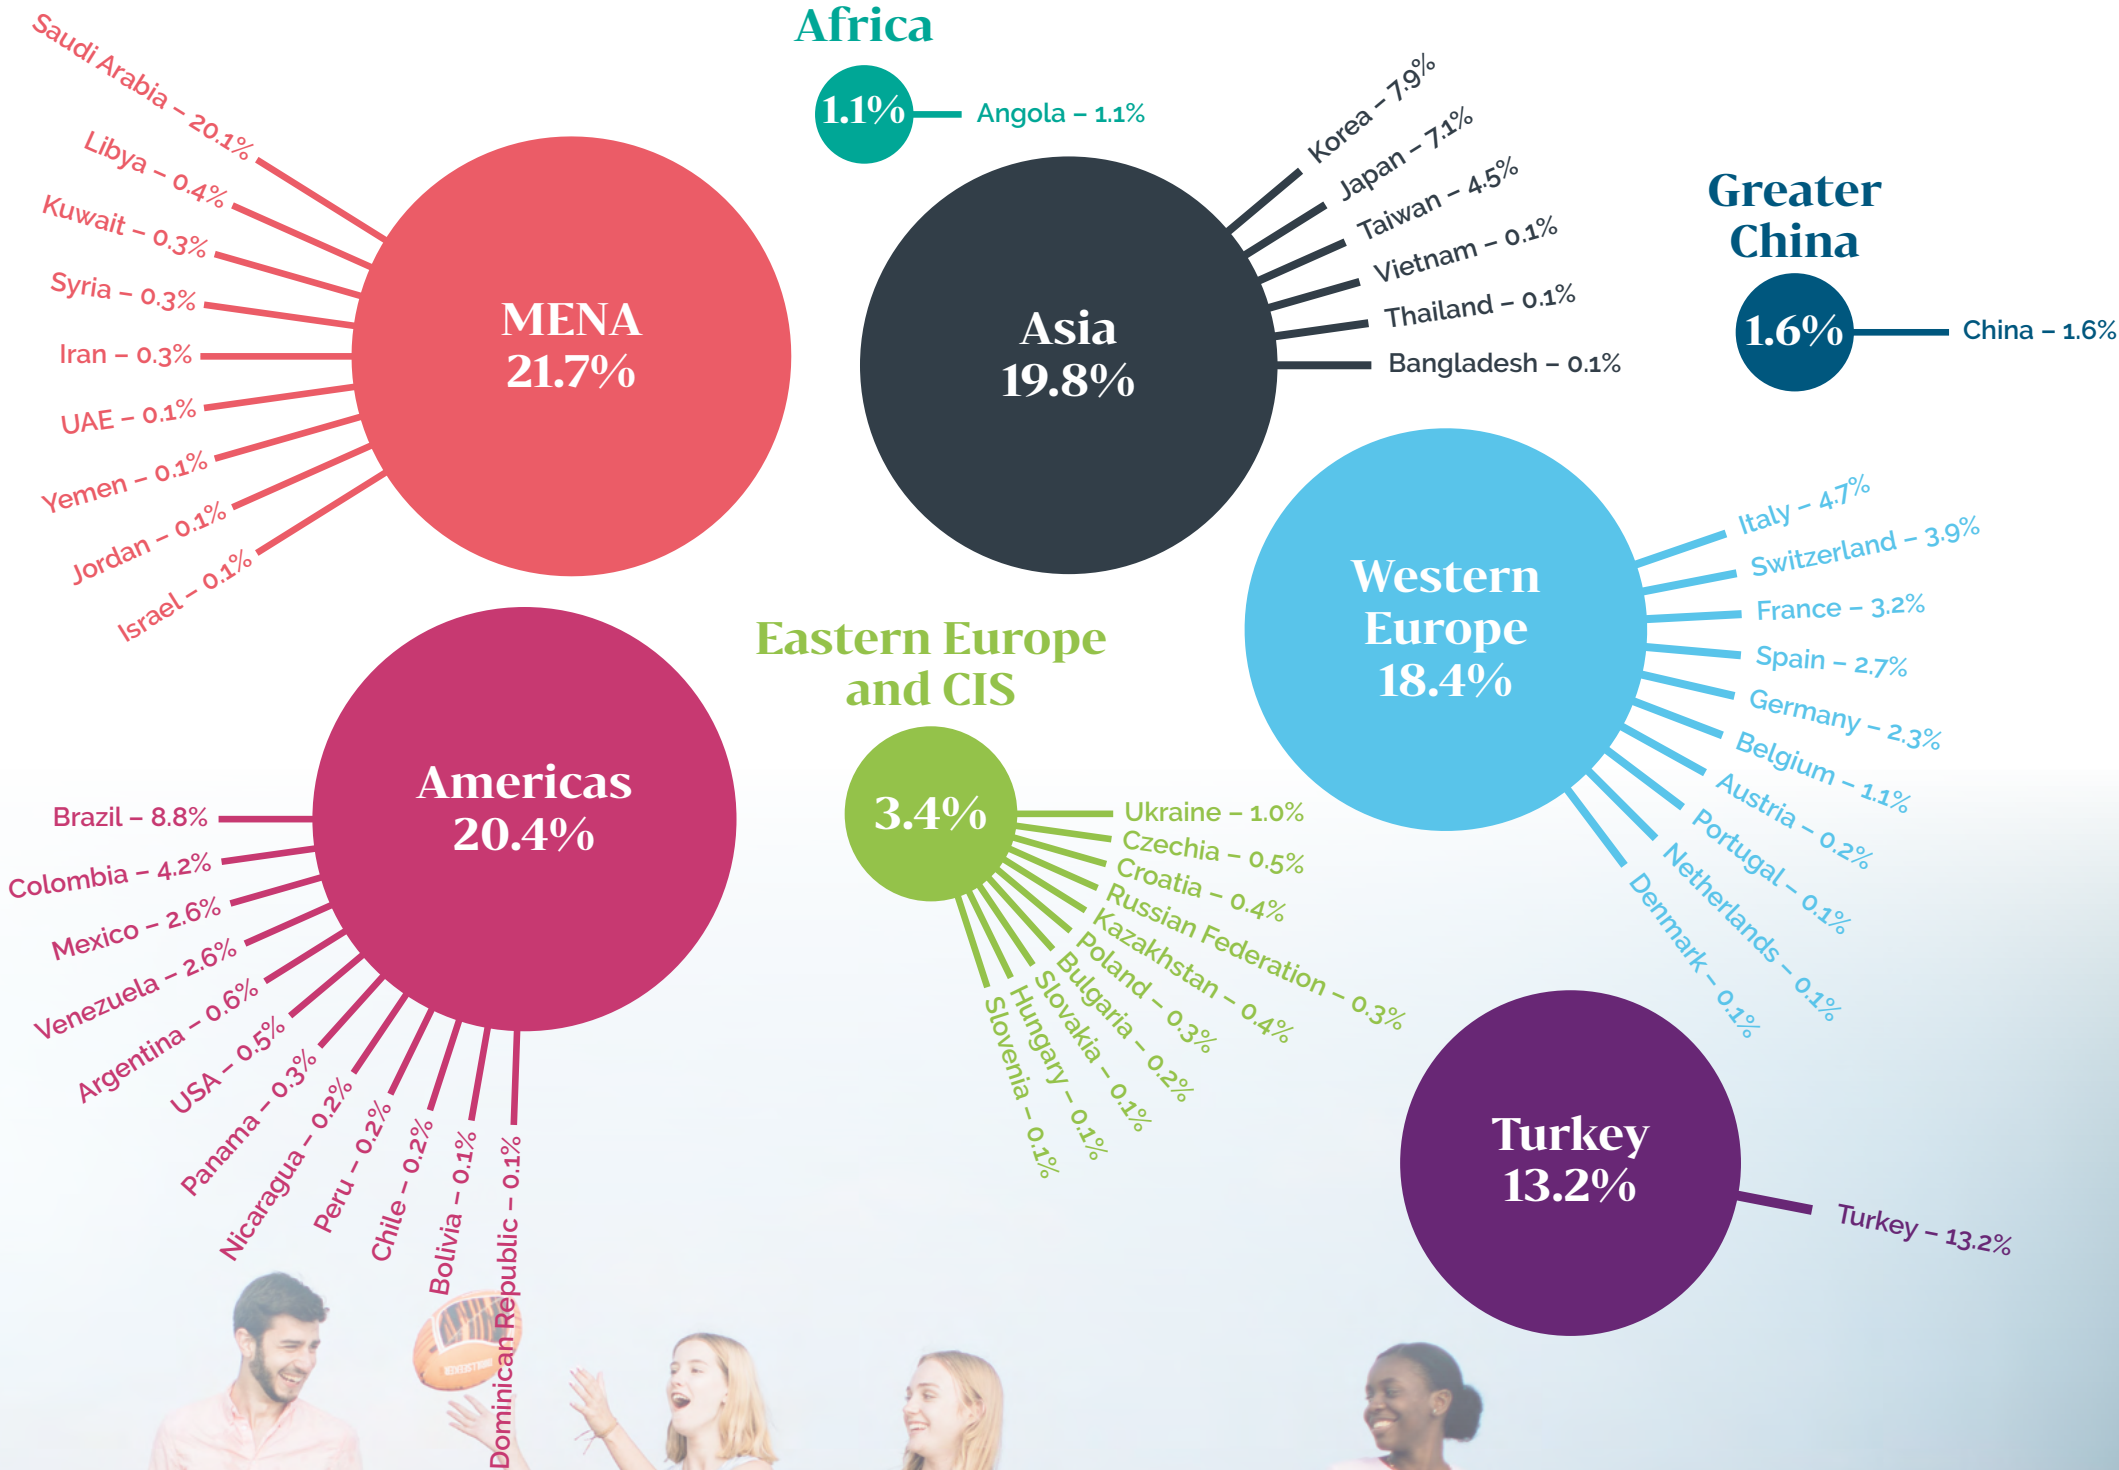

It is common for students starting at a more advanced level to 'plateau' in the first few weeks whilst they adjust to their new learning environment, before starting to improve more rapidly as they gain confidence.

Nationality Mix

Students at Kings English enjoy unforgettable experiences while studying alongside friends from around the world.

The mix of nationalities creates a lively, supportive environment where learning English goes hand in hand with discovering new cultures, building confidence, and forming friendships.

No matter where you come from, a warm welcome and a world of opportunity await at Kings English.
