New for 2027

Newcastle

Newcastle is a compact, walkable city in the northeast of England with a strong sense of identity and a notably welcoming local culture. It sits on the River Tyne, close to some of the UK's most impressive natural landscapes including Northumberland National Park and the North Sea coast.

Newcastle has a large and well-established student population, supported by two major universities, and the city centre is easy to navigate from day one.

Exeter

Exeter is one of the UK's most historic and characterful cities, with excellent transport connections including direct rail links to London in just over two hours and easy access to Exeter International Airport. It has a thriving student population, making it one of the most vibrant university cities in the South West of England.

The city has a strong reputation across industries including law, finance, environmental sciences, and the creative sector. Cultural life is rich and varied, with independent museums, and a celebrated arts scene that reflects its deep local heritage.

Boston

We're located on Beacon Street, in the historic area of Beacon Hill at Fisher within walking distance to many landmarks in Downtown Boston.

Boston is one of the United States' most celebrated cities, with excellent transport connections including a major international airport serving destinations across the globe and easy access to the wider New England region.

Life outside the classroom is equally exciting, such as a passionate sports culture unlike anywhere else in the world.

Courses

Today's students need the confidence, skills and real-world experience to thrive in a fast-changing world.

Our new Kings Young Learners programmes combine English language development with practical, future-focused learning, helping students build skills they can take into their studies, careers and beyond. Further details coming by the end of August 2026.
