WELCOME TO NYLC

Welcome to New York Language Center. At New York Language Center, students come first. New York Language Center students study English in an exciting multi-cultural atmosphere and meet new friends from all over the world.

New York Language Center offers the international community a challenging English curriculum and the opportunity to experience American culture, all at an affordable cost. We want your time with us to be wonderful. We want you to learn. We want you to improve your English while you enjoy all that our amazing city has to offer. We hope that upon returning to your home country, you will be happy you chose to study English with us. You are important to us and your success and learning is our success.

We wish you an unforgettable experience.

BARBARA DICK, M.A
FOUNDER AND EXECUTIVE DIRECTOR

OUR MISSION

New York Language Center's mission is twofold: To provide quality, affordable English classes to international students in a supportive atmosphere where students come first and to equip them with the tools necessary to achieve linguistic competence whether professionally, academically or for their personal self-improvement.

At the same time, we are committed to providing immigrant New Yorkers with ESL classes that accommodate their needs and prepare them to be part of the society where they live, work and educate their children. New York Language Center is committed to excellence and service at the highest degree and is consistently reevaluating student, faculty and administrative performance.

STUDENT LIFE

Whether you're looking for a rich cultural experience or superior language education, you'll find both in the exciting environment of NYLC.

As a student at NYLC, not only will you improve your English in an exciting multi-cultural environment where you feel supported, but you will also experience situations where some of your perceptions are challenged. And that's what we strive to be - a safe space where you feel at home to learn a common language to keep conversations moving forward.

Learn, participate, and grow. Join us, we know you won't be disappointed!

RESOURCES

As a New York Language Center student, you will have access to many resources that will facilitate your experience in New York City. In between classes, our staff members and partners will provide you with access to a series of useful informational sessions and resources tailored just for you. From finding comfortable and affordable housing near our campuses, receiving free healthcare insurance, and being qualified for nation-wide college applications, there is always someone to assist you.

Our partners at the 4Stay housing agency work with our students to give them many options to choose from. Rooms, apartments, residences and some home stays are available near our campuses. These listings are instantly bookable upon completion and payment of the application and are within commuting distance of our 3 locations.

New York Language Center strongly encourages that all students have health (medical) insurance. The consequences and risks of getting sick or injured in the U.S. without health insurance are severe. If you are an international F-1 student, you may qualify for FREE Health Insurance with our partner, Kimber Health. .

Through our College Pathway program, students who have successfully completed their post-advanced level classes may qualify to receive assistance for their College application process. Our partners at Shorelight, have placed students in universities nationwide (a list of over 50 members)

Queens,
Manhattan,

The Bronx (Local Students Only)

New York Language Center uses a practical approach to teaching our students English. Our highly conversational classes emphasize oral fluency as a major goal. From the very first class, students will use English in a practical and realistic way. We believe that the ability to ask questions is a necessary classroom skill, and we encourage active participation to produce natural forms of language. All classes include realistic speaking practice that simulates day-to-day conversational situations. We encourage students to go beyond direct translations, and promote organic speaking patterns. Many of our students have passively studied English in their home countries, but lack the ability to apply their English skills in conversational settings. At NYLC, we try to break that barrier to achieve both competency and fluency in English. Oral and written assessments allow students to gauge their progress.
