# YOUR LESSONS

20 lessons per week of General English designed to focus on building communication skills and confidence in using English inside and outside the classroom.

## YOUR TEACHERS:

- St Giles teachers use a communicative approach to engage students and help them learn effectively
- We employ a range of English language teachers who are committed to providing enjoyable and beneficial language lessons
- We will ensure that all our students leave our course feeling more confident, able to speak to an audience and with a wider range of vocabulary and functional language

## WORKBOOKS:

During their stay, students create a workbook that stands as a portfolio of their work to show their family and friends. It includes accomplishments of the week, their targets reached, work based on their excursions and records of language learned.

## THEME OF THE WEEK:

- Every week our lessons and activities programme are based around a theme, such as Food, Media, Science and the Environment
- Students learn useful language and skills, which they can then use in their end of week project, with their fellow students from a whole range of countries
- Students present their projects at the end of each week, which can be in the form of a film, a presentation, a drawing, a song and much more

## GRADUATION:

At the end of their course, students enjoy a ceremony to celebrate completion of their programmes. They receive a certificate showing their level of English, length of stay and a full report provided by their teachers.
